

# BAKED »DEVILS«

## INGREDIENTS:

- a pack of yeast
- ½ l of milk
- 1kg of flour
- 6 spoons of sugar
- a pinch of salt
- 250 g of margarine
- one egg
- some raisins
- almonds

## DECORATION:

- red paper
- tiny wooden sticks

## PRODUCTION:

**YEAST MIXTURE:** we put 20g of crumbled yeast, one spoon of flour, one spoon of sugar and three spoons of warm (not hot!) milk in a smaller bowl. We mix everything together and we leave it for at least 10 minutes so that the mixture can rise.

**THE DOUGH:** we sift one kilogram of flour in a big bowl. We add 40 g of sugar, mix it and we add the salt on the edges. We make a small pit in the middle of the flour. We pour the yeast mixture into the pit.

We put a saucepan with milk and margarine on the stove. We heat and mix it, until the margarine melts. We take the mixture off the stove and we wait until it cools down a bit. We add the warm milk and margarine to the bowl with flour and we knead the dough until it becomes smooth and even. We leave the dough in the bowl and let it rise for one hour. We take the dough and knead it again. We divide it into 16 parts and form loaves.

**EGG COATING:** We beat the egg with 2 spoons of milk and 2 spoons of sugar. We rinse and dry the raisins and cut the almonds in four parts. We grease two baking trays and we heat the oven to 200°C.

## SHAPING:

We put one loaf of the dough on the working surface and we roll it out. At the quarter of the length we squeeze the loaf and we shape a head. We use a sharp thin knife to cut the top of the head to make the horns. We shape legs from the lower part of the body and arms at the left and right part of the body.

We stick the pieces of almonds at the ends of the arms and legs. We make a cut in the head to form a mouth. We stick two raisins above the mouth to form eyes. We use a brush to apply egg coating over the devils and we put them in baking trays. We bake them for about 15 minutes. We take the devils out of the oven and wait until they cool down. We cut the tongues out of red paper and we stick them with a tip of the scissors into their mouth. We put the tiny wooden sticks into the »devils'« hands.

We serve the »devils« on the plate.
